Elepnaht, Singe Item

This is a locally sourced African elephant, weighting over 10,000 lbs. It's sure to be the hit at birthday parties, petting zoos and formal events. All our elephants come straight from the elephant farm, and as such may require potty training. All our elephants are organic and pasture raised, containing no antibiotics or artifical hormones. Please note that while shipping is free, the mailman may have issues dropping off the package.
